The image shows a computer monitor displaying the 'RegiStation' software interface. The title bar at the top reads 'safeTzone RegiStation' and includes standard window control buttons. The main interface is divided into several sections. On the left, there is a vertical menu with five buttons: 'Build Group', 'Find Group', 'Time In Tags', 'Replace a Tag', and 'Merge a Member'. The central area of the screen displays the 'Swap A Tag Mode' screen. This screen features a diagram of a person standing next to a tag with a recycling symbol. Below the diagram, the text reads: 'Swap A Tag Mode', 'The member wants to swap a different tag or purchase them in this mode', 'Swap the tag that you want to', 'discard then the tag that you want to', 'purchase will'. To the right of the central area, there is a section titled 'Beginning A New Group' which shows '2' members and 'No Current Members'. At the bottom left, there is a section titled 'Not Member' with three buttons: 'Male', 'Female', and 'Unspecified'. Below these buttons, the text reads: 'SCAN THE TAG THAT YOU WANT TO REPLACE'. To the right of this, there is a list of age ranges: 'Not Supplied', '0 years to 4 years', '5 years to 10 years', '11 years to 16 years', '17 years to 20 years', '21 years to 30 years', '31 years to 40 years', '41 years to 54 years', and 'over 55 years'.

Figure 12b

1210 To enter into 'SWAP A TAG MODE' the operator presses the 'REPLACE A TAG' button.

1220 This mode is for a user seeking to continue his/her use of the locator system, but his/her tag for some reason is unacceptable (e.g., bad battery, too dirty, bad color, etc.). This member approaches the kiosk in the park designated for registering groups.

1230 This member of a group returns his/her tag to the park employee operating the registration station.

1240 The park employee operating the registration station scans the returned tag.

1250 The park employee operating the registration station scans a new tag, then gives this replacement tag to the member.

1260 This member's new tag will be displayed on the screen with the rest of the members in this group.

1270 All tracking of the old tag will be discontinued at this time.
